Compatible Hardware

The following is a list of scales and printers supported for SHIP IT.

Electronic Scales;

Note: USB connected scales are the easiest to set up and most reliable in operation.

The following scale models are supported via a USB connection to the PC:

Fairbanks model 70-2453, Ultegra, SCB-9000, R9000, and compatible (the type distributed by many shipping carrier sales reps)

Mettler Toledo PS15, PS30, PS-3L, PS-6L, PS60 USB-attached scale., PS90, and compatible

All Supported USB Models (Mettler Toledo, Fairbanks, etc.)

Clipboard-based scales

Fairbanks 70-2453

Fairbanks SCB-2453 Series

Fairbanks SCB-R9000 Series

Fairbanks Ultegra Bench Scale

File-based scales

Mettler Toledo PS15

Mettler Toledo PS30

Mettler Toledo PS3L

Mettler Toledo PS60

Mettler Toledo PS90

NCI 7820-50

Transcell TI-500

Printers;

Supported Zebra / Eltron EPL Models (ShipRush for USPS):

Zebra ZP-450, ZP-500, ZP-550

LP2844

Zebra Z4M, 105SL

Supported Zebra / Eltron EPL Models (ShipRush for USPS powered by Endicia):

Zebra ZP-450, ZP-500, ZP-550

Zebra 105SL & Z4M

LP2844 Connected via the USB port (requires special Datamatrix firmware) (Some LP2844 printers in the field are unable to print Datamatrix bar codes. If you already have an LP2844 printer on hand, and are not sure if it can print Datamatrix bar codes, contact Zebra technical support at (877)275-9327)

*Note: eBay is a good source for a used thermal printer for a reasonable price (often under \$100).

*It is not supported to attach a thermal printer to a serial port.

Prices subject to change without notice
